

## Beautiful landscapes of outdoor Muskegon to see!

Hackley Park

Union Depot

Victorian Garden

Muskegon is in the midst of a historic transformation! We got our start as a booming lumber town, then we moved to a foundry town during war times. Finally we have re-emerged as a progressive city that still honors its roots.

Downtown Muskegon is leading the charge with Muskegon's re-branding. There is a focus on community and recognizing the beauty of our hard-working town. This is showcased in all of downtown's gardens and green spaces.

These seven locations around town serve as a place to gather, reflect, and enjoy as a community. Each garden or green space has its own story and historical significance. They are all tended to regularly by their respective expert gardeners who want to make Muskegon as beautiful as it can be.

Many of our gardens are quaint pocket gardens, making them perfect to tuck yourself away into. They are also all very picturesque, often used as backdrops for wedding, senior, or family photos.

## #WATCH MUSKEGON BLOOM

## MUSKEGON BLOOMS

Your guide to Downtown  
Muskegon gardens and  
green spaces

A photograph of a well-maintained garden. In the foreground, there are large green leaves and bright pink flowers. The middle ground features a lush green lawn. In the background, there is a stone building with a chimney and several tall, narrow evergreen trees. A small white statue is visible on the lawn.

This garden is nestled in the corner of Fifth and Clay. It is fashioned after the gardens of Claude Monet in Giverny, France. Not only is it filled with the floral palette, it also boasts a waterfall, pond with fish and a bridge.
